-----------------------------------	------------

Please note: billable running time/footage will exceed actual running time/footage of your project

Due to many factors beyond our control it is difficult for us to accurately estimate the number of hours required for telecine transfer. In order to budget this expense we recommend you use a minimum ratio of 3 to 1 (One hour of telecine for every 1800' of 35mm or 700' of 16mm film transferred) to calculate this expense. You may supply your own telecine raw stock, but you will assume responsibility for it's quality/performance.

The following are FotoKem guidelines:

- Proof of **current** student I.D. required when placing all orders
- \$25.00 minimum charge applies to each individual film service/item
- 1/2 hour minimum applies to all telecine sessions
- 24 hour cancellation notice is required to avoid telecine cancellation fee
- Payment on all services will be on a credit card, check, debit card, or cash basis only
- A 50% deposit required when placing all answer print and/or telecine transfer orders

Thank you for your interest in using FotoKem. If you need additional pricing information, please contact Student Services at 818-846-3102, ext. 558.

We look forward to assisting you.
